

Instructions for Viewing Webcast

To make sure that you have the proper software and it is configured properly, it is recommended that you view a demonstration presentation. To access the demonstration, follow these steps:

1. Go to <http://livemedia.usemets.org> on the web
2. Select the “View the media catalog” link
3. On the left-hand side of the page, under Categories, select “Webcast Test Demos”
4. Select one of the presentations by clicking the link under the View Presentation: header. The TSKMA presentation is a good choice. After an initialization period, the webcast should start automatically.

Short Notes on using MediaSite Live! Player:

1. Internet Connection of 128 kbps.
2. Windows Media Player version 9.0 and Video Codec driver update installed.
3. Latest Windows updates to DirectX.
4. Increase the screen resolution to **1024 X 768 at 32-bit color**.
5. Turn up sound for Wave file playback (Open Windows Volume Control).
6. DO NOT over use MOUSE CLICKING while viewing is opening and initializing
